

**Take One Action! Film Festival 2023**  
**6-10 December, Glasgow**  
[www.takeoneaction.org.uk](http://www.takeoneaction.org.uk)

Welcome to the 16th edition of Take One Action Film Festival!

Taking place at the end of the year, our 2023 festival revolves around something we long for across the arts landscape, our interconnected society, and our collective response to crisis: renewal.

Exploring the way all struggles for justice are entangled, we ask: what would it mean to move through old materials, systems, and ways of being, to build radical hope together?

## **Events**

Access Provision Key:

- CC refers to descriptive subtitles and live captions
- S refers to English language subtitles
- BSL refers to BSL/English interpretation provision
- AD refers to audio description
